New-York Daily Tribuna

TUESDAY, NOVEMBER 7, 1899.

THE NEWS THIS MORNING.

FOREIGN.-The War Office in London gave for Eight.—The War Office in London gave out no dispatches from the Transvael, and announced that nothing would be made public until noon to-day, indications are that General White wen a victory near Ladysmith on Saturday, though great anxiety is prevalent in England.—The Samean question, it is announced from London, is now practically settled.—Negotiations between France and China relating to the boundary operation was tled. — Negotiations between France and China relating to the boundary question were interrupted by the opposition of the Viceroy of Canton. — Further military operations took place in Luzon, resulting in the defeat of the insurgents; elections took place in Negros. — The Colombian rebels suffered another defeat, one of their boats was sunk and four captured.

DOMESTIC -President McKinley started for

counties included in the city of New-York the | ushamed of you. Boards of Supervisors, which have been superfluous since consolidation was effected. Its adoption would be conducive to simplicity, efaside from those who have a selfish personal interest in the matter it is scarcely possible to suppose that more than a handful of voters will oppose the amendment. The third and scene of dulness, and the streets all about are

different case, grave fears of its rejection having been expressed by some of its most carnest advocates. This is the amendment forbidding the counties wholly comprised within the boundaries of the city of New-York to contract new of the polling to check the tide. But now they in the placid vegetable kingdom these things debts, and providing that their existing in debtedness shall not be reckoned in computing apart in bile suspense. It has been a salutary floods drown and burrieanes wreck, lightnings Dr. Frederick E. Hopkins, S. L. who was consecuted in the computing apart in bile suspense. It has been a salutary floods drown and burrieanes wreck, lightnings. the constitutional limit of municipal indebted-Show the feed on the freedom of the individual citizen that country debts amount to about \$30,000,000, and the passage of the amendment would therefore operate to increase to that extent the city's borrowing capacity. This logical country for many years and some successful to mortal volition or to mortal the least regard to mortal volition or to mortal that country for many years and some successful that country for many years and some successful the least regard to mortal volition or to mortal that country for many years and some successful that country for many years are the least regard to mortal volition or to mortal that country for many years and some successful that country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years and the passage of the amendment and added to the respectability of the country for many years.

As the unantered with the country for many years and the passage of the amendment and added to the respectability of the country for many years and the country for many years and the country for many years and the passage of the amendment and added to the respectability of the country for many years and the country for many years and the passage of the amendment and added to the passage of the amendment and added to the passage of the amendment and added to the passage of the ame ditions existing before the passage of the Consolidation act is especially important at this time, as everybody knows or ought to know, be-

to support this second amendment, and so far as is known there is no direct encouragement of opposition to it in any part of the State. It is, nevertheless, a curious and suspleious eircumstance that the managers of the Republican outlet for legitimate campaign expenses vastly. constance that the managers of the Republican | outlet for legitimate campaign expenses vastly | wrong run mad. organization have appeared to feel little or no reduced, still campaign funds are sought as interest in the amendment, and are believed to engerly as ever by party leaders, and with as have made no serviceable response whatsoever | much success. What its done with them? to the request of the Rapid Transit Commis- Where do the rolls of bills that are sent into One of the chief surprises of the South African sioners and others that they would cause coun- the election precincts a day or two before elections war is the change of opinion concerning Presiportance. This seeithing indifference, having, it is feared, the effect of hostility, is the more singular owing to the fact that though there is no trace of politics or partisanship in the terms or intention of the amendment, it was passed by two Republican Legislatures, with the approval if not at the direct instigation of the same leaders who are now apparently regardless of its fate. Supplicion not only exists, but has analoustate, and if he cares to speak candidly he protected and the outbreak of the war, and even a little later, it will be recalled, he was generally recketed to be and to have been the friend of party workers who regard themselves as entitled to pensions. The little later, it will be recalled, he was generally recketed to be and to have been the friend of party workers who regard themselves as entitled to pensions.
